Introduction

The establishment of temporary dispensaries by NRHM under the LSGIs in the rural areas was a milestone. There are about 490 Manpower and medicines in these dispensaries are currently being provided by NRHM and the infrastructure by the LSGIs. All the medical officers in these dispensaries have been given induction training at SHSRC and they are actively participating in national flagship programs. There is a growing demand for the recruitment of paramedical staff and the upgradation of infrastructure of temporary dispensaries. AYUSH dispensaries are to be established under all the Panchayats.

Conclusion

The in-service training proved to be an effective tool to clinically empower the AYUSH Medical Officers. Finalisation of formats of Out-patient Abstract Datasheet, Disease-wise break-up data, Attendance certificate etc. & compilation of Situation Analysis Datasheets of dispensaries were novel initiatives in this programme. Similar programmes with speciality subjects in focus may be planned in future. On-site visit of dispensaries for monitoring, evaluation, training impact assessment & support are necessary.
