CONCURRENT AUDIT

Concurrent audit is a systematic examination of financial transactions on a regular basis to ensure accuracy, authenticity, compliance with procedures and guidelines. The emphasis under concurrent audit is not on test checking but on substantial checking of transactions. It is an ongoing appraisal of the financial health of an entity to determine whether the financial management arrangements (including internal control mechanisms) are effectively working and identify areas of improvement to enhance efficiency.

Independent Chartered Accountant/Cost Accountant firms are needed to be appointed at District Level to undertake periodical audits and report on vital parameters which would depict the true picture of financial and accounting health of the program.

Objective

The key objectives of the concurrent Audit include:

- To ensure voucher/ evidence based payments to improve transparency
- To ensure accuracy and timeliness in maintenance of books of accounts
- To ensure timeliness and accuracy of periodical financial statements
- To improve accuracy and timeliness of financial reporting especially at sub-district levels
- To ensure compliance with laid down systems, procedures and policies
- To regularly track, follow up and settle advances on a priority basis
- To assess & improve overall internal control systems
- To ensure & report Action Taken by the concerned institutions on the previous audit observations.

Frequency

- Concurrent Audit will be carried out on a “monthly basis” at District level and half yearly basis at institution level.

Coverage

- The accounts of District office of NHM will be audited on a monthly basis and the District Concurrent Auditor should ensure that all the Disease Control Programmes and Non Communicable Disease Control Programmes are covered.
- The District Concurrent Auditor should ensure that all the institutions in the district are covered half yearly.
- The audit plan should include all PHCs/ CHCs, sub-centres and WHSNCs located within the blocks, so that all PHCs/CHCs will be audited two times a year and Sub Centres/ WHSNCs will be audited once after 100% utilisation of funds received or at the end of the year. The audit has to include accounts maintained under National Disease Control Programmes (wherever applicable) like IDSP, NVBDCP, NLEP, NBCP, NCD etc.
