	PHC Nellaya
	PHC Vallapuzha

## 2. AFHC training for medical officers

Two days training on Adolescent Reproductive Sexual health services was organized by NRHM on 18<sup>th</sup> & 19<sup>th</sup> July 2013 at IMA Hall, Palakkad. 19 Medical Officers from various

Health care facilities participated in the training. The objective of the training was to equip the Medical Officers with the knowledge and problems associated with adolescence and to make them more sensitive to the adolescent issues and needs. It also helps them to provide adolescent friendly health services in the health facilities.
