REVISED DISCHARGE GUIDELINE FOR COVID-19 PATIENTS

No. 31/ F2/2020/H&FWD- 1st July 2020

The COVID-19 pandemic is evolving and clinical research data is revealing new knowledge into the epidemiology of the disease. It is essential that the technical strategies and guidelines are refined based on the new knowledge for control and prevention of the disease as well as for the efficient resource management. The Department of Health and Family Welfare, Government of Kerala was the first state in India to issue comprehensive guidelines for Testing, Quarantine, Hospital Admission and Discharge for COVID-19. Based on the recent analysis of the epidemiology of the patients in Kerala and considering the guidelines of the World Health Organization (WHO) and Ministry of Health and Family Welfare, Govt. of India, the revised discharge guideline for COVID-19 patients is issued.

The discharge policy is revised based on WHO and ICRM guidelines with the following principles

- a. Duration of stay in the Hospital
- b. The first test result NEGATIVE
- c. Symptoms status

CATEGORY	DAY OF 1 ST FOLLOW UP TEST	TEST RESULT	DISCHARGE	Quarantine
Asymptomatic	10 th day since first positive result	Negative	Discharge	Avoid Non-Essential travel and social contact (like family visits, attend marriages, functions or work) for 7 days after Discharge. Adequate rest to be taken.
		Positive	Repeat every alternate day till the test is negative for discharge
